

ENLIST TO FIGHT AGAINST LIQUOR

Anti-Saloon League Effects Salt Lake Body at Enthusiastic Convention.

W. C. T. U. WOMAN SAYS COMPLETE PROHIBITION 1912

Names of Prominent Champions of Battle on Day's Programme.

The Anti-Saloon league continued its campaign in this city Friday and completed the local organization by the appointment of trustees and an executive committee. Rev. L. S. Fuller reported on the state of the finances and showed that the sum of \$400 had been received in six weeks, during which he has been canvassing the State.

The names of those selected to serve on the committees include many of the most representative men of the community who will assist in an active campaign for the betterment of the city in its relation to the drink evil. The executive committee is as follows: Frank Stevens, George F. Goodwin, S. H. Love, Rev. F. B. Short, Rev. O. A. Brown, C. A. Smith, J. H. Page, Rev. Benjamin Brewster, J. Challen Smith of Provo, Rev. Robert Townsend, John Hood of Richfield, Rev. Martin Thomas of Logan, Rev. M. R. Granger of Park City and Joseph Frisbie of Provo.

The trustees are: Rev. H. J. Talbot, Rev. A. A. Simpson, E. L. Goshen, George Q. Morris, Albert Burton, Samuel Russell, J. T. Miller, Rev. C. C. McIntire, Seth Griffin of Ogden, D. N. Smith of Ogden, Mrs. E. E. Shepard, Mrs. Freeman Morningstar, Josiah McClain, A. C. Nelson, D. H. Christensen, Thomas H. Hall, Rev. E. K. Johnson, N. Lawrence and Rev. E. Rydberg.

"Church and Temperance."

The day's programme was carried out almost as arranged. The morning session was opened at 9:30 o'clock with a devotional service. This was followed by the report of the State Treasurer and the address of the morning by the Rev. N. S. Elderkin of Salt Lake City, on "Church and Temperance." The attitude of the church toward temperance was set forth and shown to be in absolute opposition to the liquor traffic. In the discussion which followed the question was enlarged upon by Dr. Burton and commented upon by many of those present. The Rev. W. L. Dexter of Richfield gave an address on "The Lesson Kansas Teaches," and showed the salubrious effect of that State's prohibition law. He dwelt at some length on the effect of the recent legislation in Kansas and the result that had been obtained there by the recent laws against the saloons. The Rev. G. W. McCreary, on "Does the Liquor Traffic Pay?" showed by figures the terrific cost paid by victims of the liquor habit. He showed that the expenditure is more than the income and this only from a material standpoint without mentioning the destruction it produces to the men who are involved in its evil ways.

"Prohibition in 1912."

The first part of the afternoon session was occupied by the setting out of the attitude of the W. C. T. U. toward the new movement. Mrs. Leticia Kennedy of Ogden, in an address, called attention to the fact that the W. C. T. U. was for many years the only agency for the registration of the liquor traffic in the State. They welcomed the assistance of the men in the good cause and expressed a willingness to co-operate in every way with the Anti-Saloon league.

"What we aim for in this movement," said Miss Kennedy, "is local option in Salt Lake in 1912, in every county in Utah in 1916 and total prohibition in the country in 1917."

Judge Goodwin gave a resume of the legislation enacted in the State with reference to the temperance question. He showed that many of the old charters of the towns of the State have been given local option and the session closed with an address on the general topic of temperance by Rev. W. Young, the National superintendent.

The executive committee will hold a meeting at the office of Frank Stephens on Monday at 9 a. m.

U. G. & C. COMPANY WILL BE DEALT WITH SUMMARILY

The Utah Gas and Coke company appears to be in contempt of the Board of Public Works. The company was ordered to appear Saturday evening and show cause why inspection fees, amounting to about \$1300, should not be paid, but no member of the company was present.

The fee for the inspection of back filling and the company has continuously refused to pay the amount. The Board decided not to issue any further permits to the company for excavation work until the amount is paid.

Brushes That Give Men Joy are the sensible, durable Military Hair Brushes, in a leather case for traveling or a tray for the dresser.

F. J. HILL DRUG CO., "The Never Substitutes."

BOARD OF WORKS WILL HAVE IMPROVEMENT RECORD

The Board of Public Works is exceedingly proud over the record which will have been made upon the date of the last meeting of the year, Dec. 20. At that time all of the paving and sidewalk construction, which was to have been completed this year, will be finished and the work is being done as good as has ever been done by any city in the country.

WILL MOVE POLES TO ACCOMMODATE CARS

Street Railway Company Will Make Many Changes on Main Street.

Work has been started on the task of moving the big wire-carrying poles in the middle of Main street and adjacent cross streets to permit the use of the new street cars ordered by the Utah Light and Railway company, and which will arrive here some time before the first of the coming year.

The poles that are being moved are those located at the curves of tracks at intersecting streets. As they are located at present the front of the new cars would strike them in rounding the turns, the new cars being about four feet longer than the ones now in use. It will take about three weeks to move the poles further from the intersection of the tracks on the downtown streets.

The operating department of the company has not figured out as yet just what lines will get the new cars. Superintendent Hunt said Friday that this should be decided and announced this week.

"About twenty-five of the fifty cars ordered will arrive about January 1," he declared. "These will be put into immediate use. The poles are about the only thing we need change to accommodate them."

PARTY WOMEN GIVE A SURPRISE TO DARMER

The "Judge" Meets Legion of Dainty-Laden Americans at His Home.

Just as he was preparing to leave for his lodge Friday night, Judge J. E. Darmer, chairman of the American party, under whose direction the recent sweeping municipal election was effected, was surprised by the arrival of some seventy-five friends and co-workers of the American party, who came trooping into the house laden with refreshments and other requisites for the impromptu entertainment.

The surprise party was under the guidance of the Ladies' auxiliary to the American party and, as with all things which the auxiliary does, it was a complete success. Judge Darmer was only counting the minutes before he should leave, when the gathering swooped down on him, and a quarter of an hour later he had forgotten all about lodge and politics, too.

Mrs. Darmer resorted to many tricks to keep her husband at home as long as she did. The children, at her suggestion, compelled their father to put on his slippers before dinner, and Mrs. Darmer then hid his shoes. She took the buttons from the electric lights in the parlor and sitting-room, so he might not wander in there and see the decoration and "get wise" that something was in the air.

Cards were the chief amusement of the evening, but there were musical numbers, refreshments, and a general good social time.

Removal.

Watrous, the carpenter, who was removed from 67 East Third South, to 240 Franklin Avenue. Both phones.

CASTLEBURG TO RETURN ON NEVADA CHARGE

J. S. Castleburg was arrested Friday by Officer W. Drake of Eureka, Nev., on the charge of obtaining money by false pretenses from August Hintz, at Eureka, October 3, by giving an alleged worthless check for \$25 on the Utah Commercial and Savings bank of this city. Castleburg was taken to the Justice building, in the city and county building, where his bond was fixed at \$1000. Later he applied for a writ of habeas corpus, which was dismissed on motion of his own attorney, after the matter was called to the attention of Judge Armstrong. It is understood that Castleburg will return to Nevada without further trouble.

WEST SIDE COMPANY MUST CEASE CAR SERVICE

The West Side Rapid Transit company must cease to suspend operations and lay off its crew while the outlet sewer is being constructed on Ninth South, between First and Second West streets. The company's truck is in the way and will have to be moved four feet to the south, in order that the sewer trench may be laid. The matter came up at the meeting of the Board of Public Works, Saturday evening, and was referred to Charles Leonard. The company operates one car occasionally and its crew comprises one man.

CAREFUL LOAN AGENT SHOWS UP IMPOSTOR

Charles H. Cochran of Poplar Grove was arrested in the office of a loan agent in the Atlas block, Friday evening, for attempting to obtain money through the impersonation of William A. Pierce, stepson of former Fire Chief Bywater. The man called up Bywater and wanted to know if it would be right to borrow money. Bywater could not understand why Pierce should want to borrow money, and an investigation revealed the impostor.

Wife Deserter Bound Over.

Frank Alfred was bound over to the Third District court under \$500 bond Friday morning, by Judge Diehl, after he had listened to a story of desertion told by Mrs. Alfred. She said many times that Alfred had deserted, and her and her children and that since that time she had been in destitute circumstances and had appealed to the courts for relief.

WITH SMILE ON LIPS PEERY MEETS DEATH

Generous Heart of Well-Known Salt Laker Beats Its Last.

RELATIVES AND FRIENDS ARE AT HIS BEDSIDE

Requests Brigham H. Roberts to Officiate at Tabernacle Funeral.

Special to The Tribune.

LOS ANGELES, Cal., Dec. 6.—Wholly without pain, with a smile upon his lips, David Henry Peery turned wearily upon his bed, and as peacefully as a child falling to sleep, entered into the sleep that knows no awakening.

The end came at 12:30 o'clock this afternoon. Almost to the moment of dissolution the patient, who had made a brave fight with death, was fully conscious. There was no final struggle, no gasping for breath, but he beat the action of Peery's generous heart became slower until it finally ceased. Then Dr. Rickford bowed his head and the sorrowing friends who surrounded the bedside knew that the end had come.

Despite the knowledge that his term of life was numbered by hours, and not by minutes, Mr. Peery's last half day of life was unusually happy. He realized this morning that the chances were that he could not survive the day, and he called his relatives and friends to him and asked that they remain until the end.

Then he asked that many tender messages which had come from distant friends be read to him. Some of them were read several times. Between the messages he spoke cheerfully to those about him, endeavoring always to allay their sorrow.

At the Deathbed.

At the bedside were his mother, Mrs. Letitia H. Peery; his sister, Mrs. C. C. Richards; his brother, Horace H. Peery, and friends who had come hurriedly from Salt Lake and Ogden, arriving barely in time to be recognized by the dying man, including R. W. Sloan, J. A. Patten, Harry S. Joseph, E. M. Mead and Benjamin Lucas.

Among the requests made by Mr. Peery was that the names of those who had sent telegrams of sympathy be made public. Accordingly his relatives gave out the list this evening and it includes William Iglehart, George Sutherland, D. C. Dunbar, Reed Smoot, James A. Pollock, Joel Priest, Samuel Newhouse, James Shorten, J. U. Eldridge, G. S. Holmes, Frank Knox, Young, R. E. Hough, C. Lynch, C. E. Lane, James H. Douglas, Ted Goodwin, E. M. Conroy and Thomas Kilker, and George Wingfield of Goldfield. Telegrams were received from other persons, but some of them had been mislaid and the names of the senders could not be recalled.

Funeral at Tabernacle.

The remains are being prepared for shipment and will leave Los Angeles on the Los Angeles limited Sunday morning. The funeral service will be held at the Tabernacle in Salt Lake, and B. H. Roberts probably will officiate, that having been one of Mr. Peery's last requests.

SKETCH OF AN ACTIVE MINING AND POLITICAL LIFE.

David Henry Peery was born in 1865 at Big Cottonwood, Salt Lake county, he being the eldest son of David H. Peery, who died in this city September 1901, leaving the following sons and two daughters: Mrs. C. C. Richards, D. H. Peery, Jr., Joseph S. Peery, Horace E. Peery, Harold J. Peery, all of Ogden; Mrs. Emmett G. Bullock, of Chicago, and a daughter, now attending school in Richmond, Va. Louis H. and Harman Peery of Ogden. The Peery family moved to Ogden when the first two children were very young. Mrs. Richards, the oldest child, was born in this city during the Civil war. When D. Henry Peery was 18 years old he was given an interest in the mercantile business of his father, which was established here under the firm name of D. H. Peery & Son.

Coming to Salt Lake City in the early '90s, Mr. Peery has been prominently connected with the business, mining and political life of Salt Lake and Utah ever since. He embarked in the mining and brokerage business in this city, and was one of the originators of the Salt Lake Stock and Mining Exchange, being one of the first presidents of the exchange.

When the Goldfield excitement struck the country three years ago, one of the first to reach Goldfield was Mr. Peery. He established an office in that camp, and soon identified himself with practically all the mining successes of the district. When the first section of the famous Montgomery Shoshone mine was discovered close to Goldfield's first fame, Mr. Peery entered the new field when not over a dozen men were there, and he seized on the Montgomery mine as a great prize. He was the first to see the value of the mine, and he was the first to see the value of the Montgomery mine. The Montgomery Mountain company was organized, associated in the organization with Mr. Peery being several well known Utahans and Nevadans, among the latter being Governor Sparks. Two years ago this company was reorganized, and Samuel Newhouse was elected president, which office he still holds. Mr. Peery still retained heavy interests in this company.

His New Ventures.

Among his latest mining ventures was the noted Western Nevada Copper company, an organization taking over one of the most ideal copper mines in the famed copper district of Yerington, Nevada. It was not generally known that Mr. Peery was connected with this company. He also has extensive interests in other Nevada camps, among them being Wonder, Fairview, Manhattan, Ramsey and Goldfield.

Mr. Peery was a very reticent man regarding his business connections, and few outside of his most intimate associates knew the real extent of his interests. They say no Nevada operator was more active during the past three years than he, and he had representatives in practically all the important centers. His health has been failing for the past year, although few realized the seriousness of the disease that was wearing him down. He was a member of the Masonic fraternity.

His Strong Qualities.

Mr. Peery had many strong qualities.

POLITICIAN AND MINING OPERATOR WHO DIED FRIDAY AT LOS ANGELES

DAVID HENRY PEERY.

that mostly mentioned Thursday being his staunch loyalty to his countless friends. No friend of "Henry" ever found him wavering in that loyalty, especially during times of adversity, and the instances where he has brought sunshine into shadow are numberless. And one feature that especially impressed his friends was that his friends, although of exactly opposite temperaments and ideas, were among those who were most pronounced in their loyalty to him. In his business dealings he was safe to follow, and in a political way he met with success. Serving as State Senator for one term, and afterward, the National Committee for Utah's Democracy, he brought that intense energy and ability to bear in his political life that made each one of his mining propositions what has been popularly termed "live ones."

SALT LAKE EXCHANGE TO ADOPT RESOLUTIONS.

When the word came from Los Angeles Friday to the effect that Mr. Peery had died, the Salt Lake Stock and Mining Exchange adjourned for the day out of respect for his memory. Immediately after the governing board met and the following committee was appointed to draw up resolutions, the same to be presented today to the exchange: James A. Pollock, W. J. Browning and H. W. Descher.

FIVE MILLIONS IN CASH NOW IN FOUR NATIONAL BANKS OF ZION

The statements of four national banks in Salt Lake City which were given out this week show that the banks are in an exceptionally strong condition. A comparison of the amount of money actually on hand shows a total of over \$5,000,000. On the other hand, any fear that the recent issue of currency checks had assumed a size out of proportion to the available assets of the banks is dispelled by the fact that the total amount of the checks put into circulation by the four national banks reaches only about \$110,000, or only about 2 per cent of the total available cash.

The statements of the State banks will not appear for a week or two, as they are not issued until called for by the Secretary of State, Charles Tingey. The statement was given out Friday afternoon at the office of the Secretary of State, and will be called for by the Secretary for several days, for, as this will be the last call this year, the Secretary is probably waiting until the banks have had time to prepare their statements.

The feeling among the bankers here is that the publication of the statements of the State banks will show a situation very similar to that exhibited by the national banks. A prominent banker said waiting for the call and have to fear that the public confidence will be amply justified by the results shown in the statements.

The directors of Zion's Savings and Trust company on Thursday declared a regular dividend of 2 per cent and an extra dividend of 4 per cent. This dividend, amounting to \$12,000, is payable December 10. This action is similar to that taken by this bank on June 30.

The following is a compilation of the assets represented by cash on hand in the four national banks, as shown by their published statements:

	First Nat.	Second Nat.	Third Nat.	Fourth Nat.	Total
Assets	\$1,000,000.00	\$1,000,000.00	\$1,000,000.00	\$1,000,000.00	\$4,000,000.00
Liabilities	\$1,000,000.00	\$1,000,000.00	\$1,000,000.00	\$1,000,000.00	\$4,000,000.00
Surplus	\$1,000,000.00	\$1,000,000.00	\$1,000,000.00	\$1,000,000.00	\$4,000,000.00

Totals \$5,000,000.00

JUDGE GRILLS THIEF OF POOR DINNER FUND

Sentences Silver to Three Months, and Pronounces Act "Most Detestable."

"In my opinion, the crime of which you are found guilty was the most detestable thing you could have done," said Judge Diehl to Fred Silver as he stood before the bench awaiting the sentence for having stolen funds from a Salvation Army Thanksgiving fund. "I have investigated and found," continued the judge, "that you have made a practice of disturbing the meetings of these people and, even though you were trying to induce them for some reason unknown to me, to leave the meetings and go to the city jail."

Says Husband Struck Her.

Eliza V. O'Brien is seeking a divorce from Charles O'Brien in the Third District court, on the ground of cruelty. Mrs. O'Brien says that she was married to the defendant, April 17, 1877. On November 5, this year, Mrs. O'Brien says, her husband struck her several times on the side of her head, causing great bodily injury. There are seven children, five of them minors, and Mrs. O'Brien asks that their custody be awarded to her.

Desires to Be Guardian.

Alma Daft has filed a petition in the probate division of the Third District court, asking that she be appointed guardian of Volva, Glenn, Birdie and Fay Daft, minors. The children are the possessors of an estate consisting of a house made in the will of Sarah Ann Daft, in the sum of \$200 each.

CONDEMNED MURDERER TO MAKE STATEMENT

Negro to Prepare Story Presenting His Side of Voss Killing.

Albert T. Day, the negro sentenced to be shot at the State prison, Friday, December 13, for the murder of Horace H. Voss, is spending most of his time poring over the Bible and book of hymns which have been furnished him. He makes no complaint of his lot and expresses no regret for his past, but, in the solitude of the condemned cell, he turns to the words of consolation and hope spoken by the saints and prophets centuries ago, informed that he could see whenever he cared to, he has expressed no wish to meet any one. It is understood that he intends preparing a statement for publication next week in which he will present to the public his side of the case.

Day is exceptionally quiet and constantly appears to be in deep thought. His sleep is restless and he spends much of every night reading. He says "single" and has asked for a few things. He seems entirely resigned to his fate.

LANE WILL IMPROVE BELL PHONE SYSTEM

Says He Is Impressed With Great Opportunity for Growth Here.

H. Vance Lane, the new president of the Rocky Mountain Bell Telephone company, when asked Friday if he contemplated any important changes in the plant and what extensions and improvements he would make in the company's system in the near future, said: "I have been inquiring into the company's affairs in a general way in the few days I have been here and I am well pleased with conditions all over the territory. I understand there has been some speculation as to whether my election as president would be followed by changes in the personnel of the company. You may say no changes are contemplated. All the departments seem to be working in perfect accord."

"I find the company has already done remarkable work in this region and it will be my endeavor to extend and improve the system as rapidly as possible. I believe the field is one of the most promising in the country. A region such as this, with its vast territory, is the near future. I had heard much of Salt Lake and the intermediate region before I came here and what I have seen since I arrived and what I fully understand now, I am going to make a trip over the system as soon as possible. I understand the company has a large territory to be developed and I expect to get much pleasure and information out of the trip."

RARE PIANO BARGAINS

Piano House Closes. The Utah-Idaho Music company, 270 State street—directly opposite the Knutsford hotel, closes its doors January 1. Four carloads of beautiful high grade upright and grand pianos, carried by Chickering & Sons, Davenport & Tracy, Haidorf, Clarendon, Hobart M. Cable, Bishop, etc., will be sacrificed for cash or easy terms if desired. A genuine closing out sale—store losses for sale, also all store fixtures, safe, typewriter, etc. \$350, \$450, \$500, and \$650 uprights and grands up to \$1100, go at prices from \$200 up. Select your piano now and we will deliver Christmas morning. Our loss is your gain.

Don't Experiment.

Buy your Xmas furs at the original fur house, established 1890—Mehely the Furrier, Knutsford hotel.

MORAN ESTIMATES FOR \$29,668.25 ARE APPROVED

The Board of Public Works, at its meeting Friday evening, approved an estimate of Mr. Moran for paving on H street, the sum of \$29,668.25, which represents 90 per cent of the 15 per cent held out of Mr. Moran's estimate for water-main extensions on Fifth South street. This action was taken upon the recommendation of the committee on Finance of the City Council and was made necessary by the fact that there is not sufficient money left in the bond issue fund to pay Mr. Moran's estimate.

Even when this action is taken, there is still a balance due.

The bid estimate of \$123,550, in favor of Mr. Moran for paving on H street, was also approved, as was an estimate of \$6190.20, in favor of James Kennedy, for sewer extensions on the east side of the gravity sewer, between Fifth and Ninth South.

The bid of Fred Fryer, \$18,157.50, for putting in the outlet pipe for the intercepting sewer, 4800 feet, was rejected for the reason that City Engineer Kelly says the work should be done for \$11,000, the amount of his estimate.

There was a pathetic scene in Judge Armstrong's court Friday afternoon during the examination of the sanity of William Hollenshead. Hollenshead is a resident of Washington, but insists that he is not in Salt Lake, but in Spokane. When asked if he had ever lost a child he wept, adding that he had been looking for his dead boy for several months. It is believed that Hollenshead's condition is the result of a severe hurt which he received upon the head some time ago, coupled with grief over the death of his son. He is committed to the custody of the Sheriff until his brother can be heard from.

New Theater Opens.

Opening of McKenless Colored Stock company on West Temple, between First and Second South, today, Saturday, December 7, 1:30 to 5 p. m., and 7:30 to 1
